

PECKHAM DOWNED AND HILL HAPPY.

PRESIDENT CLEVELAND OVER-
RIDDEN ONCE MORE.

By a Vote of 41 to 32 His Second Nomination for the Supreme Bench Was Rejected—Discussion on Hawaii in the House—Gossip in Washington.

WASHINGTON, Feb. 17.—The nomination of Wheeler H. Peckham to be associate justice of the United States Supreme court, was rejected by the senate yesterday afternoon. The vote was 41 to 32.

When the senate met it lost little time in going into executive session. Senator Vilas took an hour to extol the judicial qualifications of Mr. Peckham and to reply to the charges against him. Mitchell of Oregon on the republican side made a temperate speech in support of Peckham. George of Mississippi also considered it the duty of the senate to confirm the nomination. Senator Joe Hawley of Connecticut gave a short talk telling why he felt constrained to vote against Peckham. There was a little more speech-making and then the vote was taken.

The vote in detail was as follows:

For confirmation—Bate, Blackburn, Brice, Butler, Caffery, Dixon, Faulkner, George, Gray, Hale, Harris, Hutton, Kyle, Lindsay, Martin, Mills, Mitchell (Ore.), McPherson, Mitchell (Wis.), Palmer, Pasco, Pettigrew, Platt, Proctor, Ransom, Roach, Squire, Stockbridge, Turpie, Vilas, Voorhees, White (La.)—32.

Against confirmation—Aldrich, Allen, Allison, Berry, Call, Cameron, Carey, Chandler, Cockrell, Coke, Culom, Daniel, Davis, Dolph, Frye, Gallinger, Gibson, Gorman, Hansbrough, Hawley, Higgins, Hill, Hoar, Irby, Jones (Ark.), Lodge, McLaurin, Manderson, Morrill, Murphy, Peffer, Perkins, Power, Pugh, Shoup, Stewart, Teller, Vest, Washburn, White (Cal.), Teller—41.

Paired in favor of confirmation—Camden, Gordon, McMillan, Smith, Morgan—5.

Paired against confirmation—Dubois, Wolcott, Jones of Nevada; Vance, Quay—5.

Not paired—Colquitt, Sherman—2. Total, 85.

Sixteen democrats voted against confirmation, as follows: Berry, Call, Cockrell, Coke, Daniel, Gibson, Gorman, Hill, Irby, Jones, McLaurin, Murphy, Power, Pugh, Vest, White, (Cal.)

HAWAII IN THE HOUSE.

Chairman Cummings Reports Boutelle's Resolution in Amended Form.

WASHINGTON, Feb. 17.—At the opening of the session of the house yesterday Mr. Cummings, chairman of the committee on naval affairs, presented as a question of privilege the report of his committee on Mr. Boutelle's resolution calling on the secretary of the navy to inform the house by what authority instructions were issued placing the armed naval forces of the United States and the use of its ensign under the control of James H. Blount, and also furnish the house with copies of all orders, directions, instructions of official suggestions issued by him since March 4, 1893, concerning the movements of the naval forces at Hawaii. He explained that committee recommended the passage of the resolution amended so as to call for all orders from March 4, 1892, instead of 1893.

Mr. Cummings yielded a moment to Mr. Boutelle, who urged the importance of the resolution, which he said had hardly been delayed six weeks. The information called for, he thought, should have been before the house when the Hawaiian resolutions were being debated.

Mr. Cummings then demanded the previous question, which was ordered, and the resolution as amended was adopted without division.

Mr. Bland moved to close general debate on the seigniorage bill at 3 o'clock. No quorum voted and then followed a succession of fruitless roll calls.

After various ineffectual roll calls the vote resulted in a tie—87 on each side; and Mr. Tracey (dem., N. Y.) thereupon asked unanimous consent that the house take a recess unless 8 o'clock, which, under the rules, would be taken at 5 o'clock. This was agreed to, and the house took a recess, the evening session to be for the consideration of private pension bills only.

At night, the first evening session of this congress for the consideration of pension bills, Mr. Kilgore of Texas blocked all proceedings by making the point of no quorum. Kilgore finally agreed that if there was a respectable attendance next Friday night he would be willing to make some concessions for the benefit of deserving pensioners.

MINOR SENATE BUSINESS

Senator Hoar Wants More of the Hawaiian Correspondence.

WASHINGTON, Feb. 17.—The public session of the senate yesterday was unusually brief and uninteresting. Senator Brice of Ohio presented a petition signed by 25,000 citizens of Cuyahoga county, asking that the duty be retained on iron ore. The binding-twine manufacturers of Massachusetts, through Senator Lodge, presented a petition asking for a hearing before the finance committee.

On motion of Senator Hoar a resolution

was adopted requesting the president "if not incompatible with the public interests," to communicate to the senate all records and dispatches from Mr. Willis, the present minister to Hawaii, not heretofore transmitted, especially the dispatch communicating a letter from President Dole specifying certain charges against the conduct of said Willis.

Then at 12:25, on motion of Senator Pugh, the senate went into executive session to consider the nomination of W. H. Peckham to be an associate justice of the Supreme court.

Can Not Get the Information.

WASHINGTON, Feb. 17.—Representative Hepburn's resolution of inquiry concerning freight charges on goods in bond passing from foreign countries through the United States to Canada is a failure, as the information can not be secured.

WOMEN IN POLITICS.

Encouraging Outlook for Female Suffrage in the United States.

WASHINGTON, Feb. 17.—The ladies attending the woman's suffrage convention were tardy in arriving at Metzerott hall yesterday, and consequently it was late when Miss Anthony called the session to order. The convention then listened to the corresponding secretary of the association, Mrs. Rachel Foster Avery. The report showed that most encouraging progress has been made in the fight for woman suffrage. Elizabeth Cady Stanton read a eulogistic paper on the life and good deeds of Mr. George W. Childs. Similar beautiful and pathetic tributes were paid by Mrs. Stanton to the memory and character of Elizabeth Oakes Smith and Elizabeth Peabody.

Mrs. Lily Deveraux Blake also read a paper containing a tribute to Lucy Stone, talking especially of the two domestic virtues, in whose life she said there had been a demonstration of how unfounded all the apprehensions were of the dreadful results to be expected from woman suffrage.

SUBJECT FOR COMPROMISE.

Lords and Commons Likely to Send the Parish Councils Bill to Conference.

LONDON, Feb. 16.—The Duke of Devonshire, Sir Henry James, Jesse Collings and Joseph Chamberlain were the principal speakers at a meeting held last night. Sir Henry James and Mr. Collings both insisted strongly against any action which would provoke a conflict between the house of lords and the house of commons. They said that it must not be taken for granted that the house of lords will acquiesce in the rejection of their amendments to the parish councils bill, and added that as far as can be ascertained the bill will again be returned to the house of commons, or that a conference between representative of the two houses will be held to settle the terms of a compromise.

WANT MONEY.

New Steps Are Taken in the Proceedings Against Iron Hall Receivers.

INDIANAPOLIS, Ind., Feb. 17.—Petitions in the Iron Hall receivership filed in the last two days have raised new questions with reference to the distribution of the assets. One is filed by an Ohio branch and alleges that a receiver for that branch was appointed and the court has made an order for him to distribute the assets, amounting to about \$2,000. That more than this amount has been paid in by the members and it is all in the hands of Receiver Failey of this city. Other petitions filed bear the same purport, in various amounts. Judge Winters said he thought the position of the Ohio branch untenable and inconsistent, but would give the case a hearing before finally deciding.

PLAN OF ANARCHISTS.

Rothschild's Paris Bank Threatened With Looting.

PARIS, Feb. 17.—The Rothschild bank in this city is guarded by an extra force of police as a result of anarchist placards which were posted upon the door of the bank, announcing that a meeting of the society would be held inside the building and requesting the brethren who were skillful in the locksmith trade to bring with them skeleton keys and crowbars in case the safes were locked.

Plankinton Bank to Resume.

MILWAUKEE, Wis., Feb. 17.—The Plankinton bank, which suspended last summer, will be reorganized as a national bank and will resume business March 1. The capital stock of the new concern will be \$3,000,000. Nearly all of the old stockholders will be interested in it, including William Plankinton, Eugene S. Elliott, C. L. Clason and F. W. Noyes. William Plankinton will probably be president and A. G. Fletcher cashier.

Ives Takes Two Out of Three Games.

WORCESTER, Mass., Feb. 17.—Schaefer and Ives last night played a 300-point straight carrom, a 250-point 12½-inch balk line, and a 50-point cushion carrom game. Schaefer won the first game, Ives making only sixty-six points, Ives won the balk line game by 250 to 159, with an average of 41.66. Ives also won the game at cushion carroms, 50 to 41. His average was 7.1.

Peixoto Looks Forward to Peace.

RIO JANEIRO, via Galveston, Texas, Feb. 17.—In an interview President Peixoto said he hopes soon to be able to announce to the world that peace has been restored in Brazil, and that this having been accomplished he is anxious to extend the relations between Brazil and the United States which would be mutually beneficial.

HOW THE ROBBERS DID THEIR JOB.

OFFICERS SEEKING THE CHRIS
EVANS GANG.

The Robbers Believed to Be Hiding Today Somewhere in the Neighborhood of Ventura—Los Angeles Officers Hope to Have them in Twenty Four Hours.

LOS ANGELES, Cal., Feb. 17.—Passenger train No. 20 on the Southern Pacific road, which left this city at 11:30 o'clock Thursday night, was wrecked by train robbers at Roscoe station, ten miles north of here at 1 o'clock in the morning. The highwaymen blew open the express-car with dynamite and fired several shots at the trainmen who attempted to escape. Those shot by the robbers or injured in the wreck are:

FIREMAN ARTHUR MASTERS, shot and killed while extricating himself from the wrecked locomotive.

GRANGER, who was stealing a ride on the train, shot and killed by robbers.

WELLS FARGO EXPRESS MESSENGER, supposed to be buried under his car.

ENGINEER DAVID THOMAS, probably fatally injured by falling off his locomotive.

BRAKEMAN FOSTER, cut on head and badly bruised.

The robbers made their escape with several strong boxes belonging to the Wells Fargo Express company, containing currency and half a dozen sacks of gold. None of the passengers, so far as known, with the exception of the tramp, Granger, was injured. The robbery was the most daring and cruel piece of work done in the west in years, and it is believed that Chris Evans and Morrell, the outlaws for whom California officers have been searching for months, planned and executed the crime. It is impossible to tell at present how much money the robbers secured, but as the express shipments were unusually large it is certain the gang got away with a rich haul. Posses of officers are scouring the country for the highwaymen.

Foster, the brakeman, was in one of the passenger coaches at the time of the accident and realized that robbers were at work as soon as he heard the rifle shots. He quietly slipped from the train and made his way toward a light he saw across the country, which proved to be in a farm house. Foster got a team at the ranch and after arousing the neighbors drove to Burbank and notified the deputy sheriff at that place. The Southern Pacific and Wells Fargo officials in this city were notified of the robbery and a train was sent at once to the scene. Dr. Ainsworth, the railroad company's surgeon, was sent to Roscoe, but found no one to care for but Engineer Thomas. The bodies of Fireman Masters and the granger were brought back to this city. Brakeman Foster reports that none of the passengers, excepting Granger, was hurt, as all the coaches remained unharmed upon the track, and none ventured to move outside to see what caused the stop, as the highwaymen kept up a continual fusillade of shots.

The belief that Evans and Morrell, who escaped from the Fresno jail several months ago, participated in the robbery is shared by many railroad and express officials. The job is such a cold-blooded and desperate piece of work that officers familiar with the two desperadoes agree that it bears their trade-mark. It is not over six weeks ago that a previous attempt was made to hold up a Southern Pacific train at Roscoe station. By a mere accident the plan was frustrated. The fact that the train which left Los Angeles last night was late proved to be of value to the robbers, for the engineer in trying to make up the lost time was running at a fast rate and could not therefore stop his train when he came in sight of the open switch.

It is not known how much of treasure of Wells Fargo & Co. the robbers made off with, but it is supposed to be a large amount.

The robbers apparently are going in the direction of Ventura. Detective Aulsebrook returned late in the evening. He says there were at least three robbers in the gang. Two of them drove in a buckboard and one was on horseback. Mounted officers followed the trail plainly three miles west of Cahunga Pass, and it then turned on the old Ventura road. When seven miles from the scene of the robbery a blinding sandstorm arose, putting a stop to further trailing. A collection of tags which the robbers cut off of the sacks show that they made a big haul. Besides the money packages carried off two Wells Fargo boxes with valuables were taken. The posse is still in pursuit.

Marshal Gard says he will wager that he will have the robbers in twenty-four hours. Sheriff Cline says he and the deputies tracked the robbers to a point seven miles due west of Roscoe, where all trace was lost. Cline says all the parties implicated in the affair rode together to that point and then separated.

Thirty-Nine Killed.

KIEL, Feb. 17.—A terrible disaster occurred here yesterday, owing to the explosion of a steam pipe on board the German ironclad Brandenburg. Thirty-nine men were killed. Among the dead are three chief engineers, who were on the vessel to report on the work of the boilers, and several other officers. Most of the bodies were badly mangled, in some instances the faces being rendered unrecognizable.

RELIEF NOT IN SIGHT SAYS DUNN & CO.

GOOD TIMES STILL SEEM A
LONG WAY OFF.

Slump in May Wheat Only an Indication of What Grover Has Given Us—Prices of Many Products the Lowest Ever Known—Light Bank Clearings.

NEW YORK, Feb. 17.—R. G. Dunn & Co.'s Weekly Review of trade says:

This has been a week of record-breaking. In wheat, in silver, in some forms of iron and steel, in Connells-ville coke, and in well-known cotton and woolen goods the lowest prices ever known have been made, and it is gratifying that failures of importance have not resulted. The fall in wheat had a perceptible influence upon the tone of business generally and there was less confidence in Wall street, less improvement in manufactures, and a greater decrease in the volume of payments through clearing houses, which were 24.4 per cent less than a year ago outside New York and 45.7 per cent less than a year ago here, notwithstanding unusual transactions in grain.

While no action especially affecting business prospects was taken in Washington, the continued discussion of revenue and monetary measures and the uncertainty regarding them have caused sudden fluctuations in prices. Wheat at 60¢ cents is not only lower by 4¼ cents than it was for a single day last year, but lower by 1½ cents than it had ever been in the previous seventy-seven years. A visible supply of over 79,000,000 bushels Feb. 1, with sales and receipts from farmers continuing large, has completely destroyed faith in the official reports of the yield last year, and caused enormous liquidations. Receipts last week were 1,911,384 bushels, against 2,901,048 for the same week last year, but Atlantic exports were only 659,962 bushels, against 1,013,018 last year, and the recent decrease in foreign demand has been an important factor. Some trust companies have arranged to advance money against wheat as collateral security, but with results not as yet encouraging. Corn and other products fluctuated but little though receipts of corn were large.

Exports of merchandise were about \$500,000 smaller for the week than last year, and for six weeks the increase has been only \$3,100,000, or 7½ per cent, but imports last week were little more than half as large as last year, and for the year thus far the decrease is about 42 per cent. There is no change of importance in money markets, with no increase in commercial loans.

Failures for the week have been 323 in the United States, against 197 last year, and 55 in Canada against 56 last year.

MINERS IN TROUBLE.

Very Unsatisfactory Condition of Affairs in That Industry.

COLUMBUS, Ohio, Feb. 17.—Advices from the mines of the Hocking Valley are to the effect that all the pick operators and several machine operators have agreed to the scale of the miners and a general resumption of work is about to be inaugurated. Affairs in the Massillon district remain in a chaotic condition, with no immediate assurance that a settlement will be reached. In the Mahoning valley the miners' scale has proved satisfactory on both sides. News from the Illinois and Indiana coal fields indicate that trouble is brewing in both states. The operators will insist that the miners consent to a corresponding reduction to that just agreed on by the Ohio miners. The services of John McBride will probably be needed next week to effect a peaceable settlement of the question.

The Breckinridge-Pollard Case.

LEXINGTON, Ky., Feb. 17.—The taking of depositions for the defense in the damage suit of Madeline Pollard against Representative Breckinridge was continued yesterday. Public interest in the case is unabated, but little testimony of importance was brought out by the witness examined. Col. Breckinridge did not arrive here yesterday as it had been reported he would. He is represented by his son and other attorneys.

Kearsarge a Total Wreck.

COLON, Feb. 17.—The authorities at Washington have been in communication with Admiral Stanton, recently in command of the wrecked cruiser Kearsarge, as to the probability of saving the hull of that historical craft. It is understood here that Admiral Stanton and the officers of the Kearsarge have expressed their opinion that there is little or no chance of ever floating the Kearsarge again.

Wisconsin A. P. A.

MILWAUKEE, Wis., Feb. 17.—One hundred delegates from various sections of the state are in attendance at the state convention of the American Protection association in session at Liberty hall. The proceedings are secret, and nothing is divulged by the delegates.

Gen. Early's Injuries Are Slight.

LYNCHBURG, Va., Feb. 17.—Gen. Jubal A. Early's physician, Dr. Terrill, states the general is not seriously injured and will be out in a few days.

THE PARIS IN TROUBLE.

American Line Steamship Disabled Off the Irish Coast.

QUEENSTOWN, Feb. 17.—The steamship Adriatic, of the White Star Line, which left New York on Feb. 7, for Liverpool, passed Brown Head this morning and upon arrival here reported passing a large, disabled passenger steamer off Daunt's rock, south of Ireland. The steamer was at anchor and did not seem to be in need of assistance.

The disabled steamship was the Paris of the American line, which recently left Southampton for New York and which consequently must have been disabled at sea and have put back for Southampton, anchoring off Daunt's rock in order to communicate with the shore.

The Paris had 189 saloon passengers on board, 161 second-class passengers and 256 steerage passengers. The officer of the Paris, who was sent ashore, says that at no time was there any serious danger, and that the passengers took the matter coolly when informed that an accident to the ship would necessitate her return to Southampton or Queenstown.

THE LABOR FIELD.

Concessions Made by Northern Pacific Men Unavailing.

ST. PAUL, Minn., Feb. 17.—A hitch has occurred in the adjustment of the Great Northern railway wages. The engineers and firemen agreed to accept a 10 per cent reduction, subject to some modifications which it was supposed the company would grant. The company yesterday refused, and Grand Chief Arthur of the engineers and Grand Master Sargent of the firemen have been sent for to settle the dispute.

FORT WAYNE, Ind., Feb. 17.—The Kerr-Murray foundry will resume operations March 1 with 290 men.

NEWARK, N. J., Feb. 17.—The Franklin hosiery mills have resumed operations with a reduction of 10 per cent in wages.

SALMON FALLS, N. H., Feb. 17.—The Great Falls manufacturing company at Salmon Falls has stopped 1,000 looms.

ELECTRIC CARS COLLIDE.

Several Passengers Fatally Hurt in an Accident at St. Louis.

ST. LOUIS, Feb. 17.—A collision occurred at 11:45 a. m. at Grand and Franklin avenues between cars of the Suburban and Lindell Electric lines, which cross at that point. One car was completely overturned and it is reported that three or four persons were fatally hurt, among them a Mrs. Noonan and a Mrs. Wilkinson.

Trans-Mississippi Congress.

SAN FRANCISCO, Cal., Feb. 17.—When the Trans-Mississippi congress resumed its session yesterday it proceeded at once to the consideration of a resolution providing for the construction and ownership by the United States government of the Nicaragua canal. The resolution was adopted. A resolution recommending the opening of the mints to the coinage of silver on the same terms as now open to the coinage of gold was adopted, as also one recommending the annexation of the Hawaiian islands. The election of United States senators by direct vote of the people instead of by representatives in the legislatures was also recommended.

Crib Workers Decide to Come Ashore.

MILWAUKEE, Wis., Feb. 17.—Rather than again expose them to such a storm as that of Monday last twenty-one men employed on the new waterworks crib out in the lake were brought into the harbor last evening by one of the city's fire tugs. The local weather bureau had notified the city officials of the approach of another severe storm. A heavy south-east sea had been running on the lake all day and the rescue of the men was accomplished with some difficulty.

Kills the Witnesses of His Crime.

BLISS, Idaho, Feb. 17.—James Cross was arrested on a charge of looting Herman Hansen's cabin on the Snake river. While the constable was going to jail with Cross and two witnesses, Robert Wilson and Sam Barker, the constable laid down his revolver, when Cross suddenly seized it and shot Wilson and Barker. Barker died in a few moments and Wilson later. A posse is in pursuit of the murderer with the intention of lynching him when caught.

Probably Convicted of Rioting.

PITTSBURG, Pa., Feb. 17.—The case of the fifty-eight indicted miners went to the jury yesterday, the judge being very severe against the defendants. Late at night the jury sent a sealed verdict. It is believed thirty-five of the fifty-eight defendants are convicted of riot as charged.

Miners Accept Reduction.

WHEELING, W. Va., Feb. 17.—A meeting of representatives of union miners at Wellsburg, Monksville, Elm Grove, Glendale and Wheeling met in this city yesterday and formally decided to accept the rate for mining adopted by the miners and operators of Ohio last week.

Adrift on a Huge Ice Floe.

ST. PETERSBURG, Feb. 17.—An ice floe broke adrift from the coast of Ingermannland, Province of St. Petersburg, Tuesday, and carried off many fishermen and their families. More than 500 persons are said to be in danger.

Old Panhandle Officer Dead.

CINCINNATI, Ohio, Feb. 17.—Col. W. W. Obrien, formerly general passenger agent of the Panhandle, died suddenly yesterday morning.

RAILROAD WILL TRY TO BACK JENKINS.

RECEIVERS WANT HIS STRIKE
ORDER TO STAND.

H. C. Payne and Others Are Taking Steps to Contest the Motion of the Grand Chief of the Railway Labor Organizations Asking For a Modification.

MILWAUKEE, Wis., Feb. 17.—The receivers of the Northern Pacific railroad are making preparations to contest the motion of the grand chief of the railway labor organizations asking for a modification of Judge Jenkins' famous order enjoining the railroad employes from striking. They will ask for more time in which to prepare for the contest. Trouble with the employes is liable to arise at any time, and the receivers have no recourse except to the court. Then the receivers are anxious to have Judge Jenkins' position sustained by the Supreme court in the event of an appeal, which is said to be certain if he refuses to modify the order.

Hataway Said to Be an Embezzler.

LIMA, Ohio, Feb. 17.—E. B. Hataway, assistant cashier of the Exchange bank of Ottawa, which a few days ago closed its doors, has been arrested charged with the embezzlement of \$5,000 in cash. The alleged crookedness was discovered by the receiver, and the arrest was made upon the receiver's affidavit. Hataway has always borne a good reputation. He was bound over to await the action of the grand jury.

Mr. Rockefeller's Interest Small.

CLEVELAND, Ohio, Feb. 17.—Capt. Thomas Wilson, a director of the American Steel Barge company, was shown the dispatch from Duluth in reference to J. D. Rockefeller securing control of the barge fleet. Capt. Wilson stated there was not the slightest foundation for the report, and that Mr. Rockefeller owned only a small interest in the property.

County Seat Is to Leave Deadwood.

DEADWOOD, S. D., Jan. 17.—At an election held last night in Lead City for the removal of the county seat from Deadwood delegates from Galena, Spearfish, Terry, Terraville, Central City, and Deadwood were present. The vote stood for county seat: Lead City, 16 votes; Spearfish, 13 votes.

Reject the Harsh Bill.

DES MOINES, Iowa, Feb. 17.—At a meeting of the republican members of the senate committee on suppression of intemperance last night the Harsh mullet tax bill was rejected and the committee declared for local option.

THE FIRE POLICE TO CUT A SWELL.

NEW UNIFORMS WILL MAKE
THEM VERY IMPOSING.

Officer McGinley Will No Longer Get Ladies' Smiles as "Finest on the Force"—The Company Has Done Much For Janesville and Their Service Is Appreciated.

Just wait until the Fourth of July!

Then they'll loom up! Just think of them all in line! Why the town'll go mad!

Nineteen uniformed policemen all in sight at once!

Why Janesville hasn't seen a uniformed policeman since officer McGinley wore out that somewhat famous suit!

"Crozy?" you say.

Oh no.

"Fairy story?"

Not much!

Nineteen, count 'em—Fire Police—nineteen.

When the new uniforms get here they'll "be right in line" but especially on the Fourth when they march ahead of the procession. Nineteen straight backed blue coated "cops" with helmets, clubs, belts brass buttons, and really truly stars, not the tin ones that the "police" at the fair grounds wear, but nickel plated ones that will reflect the light back into the eye of the citizen and make him go blind!

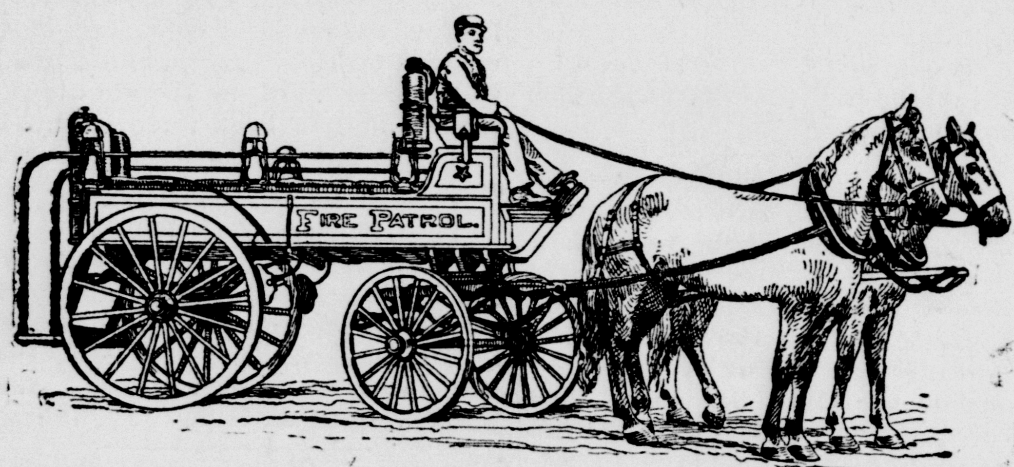

Whew!

Now just take Captain Evenson: The portrait shows how he will look when he gets rigged out. Originally Mr. Evenson furnished his picture for the chief engineer's report

PRIVATE CLEMONS AS HE WILL BE.

but the Gazette has taken the photograph and with some additions and subtractions therefrom has secured the portrait printed above. When the captain makes for the engine house on a call, with the rosewood, blue-blossomed baton banging about, they'll all have to get out of the way. When Dr. Joe Whiting comes bounding down his stairway with azure coat tail ends two feet long standing straight out

THE PATROL WAGON.

behind like shingles on a barn roof here'll be a scattering.

Clemons Will Eclipse Hogan.

When Fred L. Clemons brings his six feet and two hundred pounds up the street John Hogan will have to take a back seat.

When B. F. Crossett stops "bolting" buck wheat flour and bolts up the postoffice alley, in a cloud of mill dust Chief Acheson will run for Hadden's barn.

When "Dick" Whitton comes out of Richardson's shoe store with Evenson fifty feet ahead Frank L. Stevens will not dare to be standing in front of his office stairway.

When S. C. Burnham races Will Sayles and Ed Fifield for the jewellers championship there will be blood on the moon.

When E. B. Heimstreet and C. D. Stevens get after the druggists' banner; when Fred Sheldon tries to beat George McKay; when W. H. Greenman and "Bob" Bostwick sprint for a bolt of silk; when Dr. W. H. Palmer wants to be in at the death; Frank Hazelton thinks it is some building he has insured; Charles Atwood absentmindedly brings a six-hundred pound cake of ice with him; Paddy McGinly will cease to get the smile of all the ladies as the "finest on the force" and even the new club voted him at the charity ball will not bring them back. People in the Gazette office will have to walk the plank pretty straight when the business manager, H. F. Bliss, comes in and hangs up his club and belt before beginning his day's work.

Uniforms For Occasional Use.

Now that would all be very nice if it was true; but it isn't. While the company are going to have fine new uniforms they are not for every day wear. The new suits are for state occasions. The company have long needed a uniform, and when they get one they get a good one. Its regulation from truck to kelson and they will make a fine appearance. There

CAPTAIN WILLIAM E. EVENSON.
As He Will Look In Uniform.

are not nineteen men in Janesville who, as a body, do as much and as varied service in a year as the fire police. If an unknown brakeman loses his leg by an accident it's the fire police who first minister to his comfort and give him the stimulants that keep the heart beating until the surgeon arrives, if indeed there is not a surgeon present with a fire police star pinned on his vest. Night or day, rain or shine, hot or cold they are on duty. Any nature of ambulance call sends the wagon spinning up the street carrying willing and experienced help to the sufferer.

Guard People's Property.

It's the fire police who keep the thieves from looting a burning store; it's the fire police who rush down the dark and smoke laden hall with the Babcock extinguisher to prevent the necessity of throwing water and ruining the piano down stairs. It's the fire police who keep excitable men from "throwing the looking glass out of the window and carrying the feather bed down stairs." They are always on deck.

The fire police has been an organization since 1885 when they were known as "Sack Company No. 1." B. F. Crossett is the oldest member, he joining in 1870. E. B. Heimstreet comes next with nineteen years' service while Charles Atwood assumed his duties in 1880. The present officers are captain, W. E. Evenson; lieutenants, W. P. Sayles and R. M. Bostwick; secretary, E. B. Heimstreet and treasurer, Edwin Fifield. The members are:

B. F. Crossett, E. B. Heimstreet,

plete ambulance outfit as well as a complete fire fighting outfit, and in 1893 they made fifty-three runs to fires and had twenty-nine ambulance calls. Janesville owes much to be Fire Police and the people realize it.

SORE ARMS CAUSE FEAR OF BAD VIRUS.

MANY IN JANESVILLE SICK-
ENED BY VACCINATION.

Doctors Say there is No Fault With the Vaccine Matter but Many Children Have Never Been Inoculated Before and So Are More Affected.

It has been suggested that the vaccine virus used in Janesville this year has produced worse results than usual. Many of the "victims" are kept from work and a few are confined to bed. Is it the fault of the vaccine matter? Several doctors who were recently interviewed by a Gazette reporter said no.

"The fact that so many are sick is because they have never been vaccinated before," said one physician. "It has been ten years since the last scare and many have allowed their children to grow up without inoculation. The only serious cases I have seen are where the subject has never before been vaccinated."

There can hardly be any fault found with the vaccine matter, for all that is used in Janesville comes from the best farm in the country, the Beeson place near Fond du Lac. This is divided into the farm proper and the hospital or operating headquarters. The farm is situated four miles from the city. There are one hundred head of cattle there now, and Dr. Beeson keeps buying and selling and trading the year round. The operating department is in Fond du Lac. Three long sheds and a big stable furnish ample quarters for thirty head of cattle. The process of raising the vaccine is simple. A healthy cow is taken to an operating room strung in a "rack" and her feet hobbled.

Cow Shaved and Punctured.

The operator trims the hair from the cow's flanks with a pair of shears gives the victim a fine shave then he produces several large "points" and vaccinates the shaved parts in six places, three on a side. The animal is then led out and placed in a stall with a neck yoke on, so that the sore parts cannot be reached. The cow has been vaccinated, and the progress of the sore is very much the same as in the case of a human being. On about the eighth day it has reached maturity, and the cow is taken back to the operating room. She is strung in the "rack" the scabs removed, and the raw places carefully washed. In a short time the lymph exudes and a small boy seated on a stool begins the work of making vaccine "points." These points are of ivory and the lad simply lays the point on the raw surface and then deftly turns it and places it in a small rack, point up, to allow it to dry.

Beeson Examines Every Cow.

From 1,500 to 2,000 points are usually obtained from a cow. When the operation is concluded the cow is taken to the long shed and placed in a stall to allow the sores to heal, which they do very rapidly. After the cow is thoroughly well she is taken back to the farm either sold or used for dairy purposes. The main thing is to be careful to secure none but healthy cows and never to use the virus unless the results are good. Dr. Beeson personally examines every cow before she is operated upon and visits all his bovine patients twice a day while they are sick. Cleanliness and proper feed are essential things for them.

IT IS SAFE AND PROFITABLE.

Rock County Building, Loan and Savings Association a Good One

There are many persons who would like to find a safe and sure investment for small sums of money, where they would also receive a fair profit. To such persons and to all who can save one or more dollars per month, we desire to call their attention to the safest and surest, as well as most profitable of all places for these small sums.

The Rock County Building, Loan and Savings Association was started to make a place for small investors throughout the county to put money in small monthly sums where it will surely return to them with large compound interest. This association is under the control and care of some of our oldest and most conservative business men. Its officers are all well known for their careful and business-like methods. All officers who have the handling of the money are under bonds for the faithful and honest care of this money. Our loans are all made on the most conservative of values and the committee in charge of this department are too well known to need commendation. Money placed with us is thus safe, sure and profitable.

Every person in the county can take from one to ten shares of our stock and carry it through to maturity without ever missing the small monthly investment and within a very few years each share will return to them \$100. Every parent and guardian of a child should take one or more shares for such child and the \$100 that each share will produce, will educate or help do it, the child.

Let us illustrate: An investment of seventy cents each month for eighty-one months (six and three-fourths years) will return to you \$100 cash at the end of the term. \$3.50 each month for same term will produce for you \$500.

It is an easy matter for the capitalists to find investment for his hundreds or thousands but for the person with only a one dollar or a few dollars to spare each month the question

is what to do with it to make it earn. Here is the opportunity.

We ask every one interested to come to our office and look over and let us explain our plans and prospectus and we can convince any one of the desirability of the investment we offer.

A part of our business too, is to help those who want to get homes. We do this and let them pay back the loan in easy monthly installments and thus many are securing homes who without the help they thus get could not do it. We will most gladly furnish full information to investors and borrowers, both or either. Make it a point to call upon us at our office, 21 East Milwaukee street, Janesville, Wisconsin, and get a prospectus and such other information as you desire. Yours Respectfully,

GEORGE L. CARRINGTON, Sec'y.

Rock County Building, Loan and Savings Association.

WHITEWATER KNEW HAMILTON.

Register Pays Him a Compliment for His Financiering.

Whitewater people were somewhat interested in Major General John W. Hamilton, and the Register says: "John W. Hamilton, the brilliant comet who cut such a swath through the business and religious skies of Janesville two years ago, is now illuminating the like horizons of Middletown, Pa. If he can't come it over the Quakers no one else need try. But though the country is wide, Hamilton did not get far enough away from Janesville to escape the consequences of his fame in that city, and a correspondence has been inaugurated between the two towns which may cast a damper on his fire works."

Knighted for an American Doctor.

Dr. H. B. de Marville of San Francisco, has been knighted by the king of Portugal in tardy recognition of an act of surgical skill that saved a young member of the house of Bourbon from bleeding to death. In 1879, while the doctor, then a medical student at the university of Paris, was in a yachting party on the Mediterranean, a sailor dropped a sharp knife from aloft in such a manner that it cut the main artery in the leg of a cousin of the princess d'Orleans, now queen of Portugal. The blood spurted from the boy's wound, to the consternation of all around, until de Marville came forward and deftly tied up the severed artery.

Do These Symptoms Apply To Your Case?

If they do you had better answer them at once at

Dr. McChesney's, = = Wilcox Block, Janesville, Wis.

CATARRH OF THE HEAD.

CATARRH OF THE EAR.

Catarrh of Bronchial Tubes.

CATARRH OF THE STOMACH.

CATARRH OF THE LIVER.

CATARRH OF THE KIDNEYS.

"This," says Doctor McChesney, "is the most prevalent form of catarrh and results from neglected colds, in-haling irritating particles of dust and smoke. The symptoms which this condition indicate are explained by Doctor McChesney's questions. Do they apply to your case?"

"Have you a red nose?"
"Does the nose itch and burn?"
"Do you sneeze a great deal?"
"Is the nose stopped up?"
"Is this worse toward night?"
"Do you ache all over?"
"Is there a dropping in the throat?"
"Is there pain in front of head?"
"Is there pain across the eyes?"
"Is there pain in back of head?"
"Is your sense of smell leaving?"
"Are you losing your sense of taste?"
"Does your nose discharge?"
"Do you blow out scabs?"
"Does the nose bleed easily?"
"Is the breath foul?"
"Is the voice husky?"
"Do you hawk to clear the throat?"
"Is the throat dry in the mornings?"
"Does the nose stop up towards night?"
"Do you sleep with the mouth open?"
"Do you snore at night?"
"Is the nose sore and tender?"
"Do crusts form in the nose?"
"Is there itching in throat?"
"Do you spit up slime?"

This form of catarrh is the easiest to cure and using Doctor McChesney's treatment is the surest way to get rid of it.

On being questioned as to deafness and its cause, Doctor McChesney says, "catarrh extends from the throat along the Eustachian tubes into the ears. When this condition occurs the following symptoms result. Do they apply to your case?"

"Is your hearing falling?"
"Do you have ringing in the ears?"
"Do you constantly hear noises in ears?"
"Is there a buzzing sound heard?"
"Are these sounds like steam escaping?"
"When you blow your nose do the ears crack?"
"Do the ears hurt when you blow the nose?"
"Is there roaring like a waterfall in head?"
"Do the ears discharge?"
"Do you hear better some days than others?"
"Is your hearing bad cloudy days?"
"Is the wax dry in the ears?"
"Are the ears dry and scaly?"
"Do the ears itch and burn?"
"Is there throbbing in the ears?"
"Are you gradually getting deaf?"
"Is your hearing worse when you have a cold?"
"Do the noises in the ears keep you awake?"
"Have you pain behind the ears?"
"Do you have earache occasionally?"

If you have, you have catarrh of the ear, which must be cured before your hearing can be restored. Doctor McChesney cures catarrh of the ear. Remember this, in all cases of deafness, due to catarrh, the catarrh, the cause of the disease, must first be restored.

"When catarrh of the head and throat," says Doctor McChesney, "is left unchecked it extends down the windpipe into the bronchial tubes and after awhile attacks the lungs themselves. Bronchial catarrh is frequently called bronchitis. These symptoms describe it. Do they apply to your case?"

"Have you a cough?"
"Do you cough worse night and morning?"
"Do you cough at night, as if by magic?"
"Are you losing flesh?"
"Do you spit up little cheesy lumps?"
"Do you spit up yellow matter?"
"Do you raise frothy mucus also?"
"Is your cough short and hacking?"
"Do you cough until you gag?"
"Have you pain behind breast bone?"
"Have you pain in side?"
"Do you take cold easily?"
"Is your appetite variable?"
"Have you disgust for fatty foods?"
"Do you feel you are growing weaker?"
"Are you low spirited at times?"
"Is there a burning pain in the throat?"
"Is there tickling in the throat?"
"Do you have to sit up at night to get breath?"
"Do you cough on going to bed?"
"Do you cough in the mornings?"

If you have these symptoms you have catarrh of the bronchial tubes and if taken in time, Doctor McChesney can cure you.

"Catarrh of the stomach," says Doctor McChesney, "is usually caused by swallowing poisonous mucus which drops down from the head and throat at night. The following symptoms indicate Catarrh of the stomach. Do they apply to your case?"

"Is your throat filled with slime?"
"Is it worse in the mornings on arising?"
"Is there constant bad taste in mouth?"
"Do you hawk and spit?"
"Is there nausea?"
"Is there vomiting?"
"Is there disgust for breakfast?"
"Do you bloat up after eating?"
"Do you belch up gas?"
"Have you distress after eating?"
"Is your tongue coated?"
"Are you light headed?"
"When you get up suddenly are you dizzy?"
"Is there rush of blood to the head?"
"Are you nervous and weak?"
"Do you have sick headaches?"
"Do you spit up your food?"
"Have you water brash?"
"Do you feel as if you had lead in stomach?"
"Do you have sick headaches?"
"Are you constive?"
"Do you, at times, have diarrhoea?"
"Do you belch up material that burns the throat?"
"Is there gnawing sensation in stomach?"
"Is there pain after eating?"
"When stomach is full do you feel oppressed?"
"Do you have rumblings in stomach?"

If you have, you have Catarrh of the stomach, commonly called dyspepsia, which Doctor McChesney can cure.

"The liver is affected by Catarrh through the disease extending from the stomach into the tubes in the liver," says Doctor McChesney. "The tubes become clogged up and the bile, which should be poured out into the bowel, is absorbed, and the following symptoms result. Do they apply to your case?"

"Do you feel miserable?"
"Can't you explain where?"
"Do these feelings affect your memory?"
"Are your spirits low at times?"
"Are you nervous?"
"Are you irritable?"
"Do you get tired easily?"
"Have you no energy?"
"Do you get dizzy?"
"Is there a bloating after eating?"
"Have you an all gone feeling in the stomach?"
"Have you an empty feeling in the mornings?"
"Is your flesh soft and flabby?"
"Do you suffer from pains in temples?"
"Is your eyesight blurred?"
"Is your memory poor?"
"Have you chilly feelings running over you?"
"Do you have hot flushes?"
"Is there a general feeling of lassitude?"
"Do you have throbbing in the stomach?"
"Do you have gurgling in bowels?"
"Do you have rumbling in bowels?"
"Do you have sense of heat in bowels?"
"Do you have sharp gripping pains in bowels?"
"Do you have palpitation of the heart?"
"Are you short of breath upon exertion?"
"Is the circulation of the blood sluggish?"
"Do you have cold feet?"
"Have you pain in the back?"
"Have you pain around the loins?"

If you have, you have Catarrh of the liver, and Doctor McChesney can cure you.

In speaking of kidney disease Dr. McChesney says: "Catarrhal inflammation of the kidneys results in two ways: First, by taking cold; second, by the overwork the kidneys are called upon to perform in separating the poisons from the blood which have been absorbed from catarrh which affects other organs. The symptoms of catarrh of the kidneys are described in the following questions. Do they apply to your case?"

"Do you have your feet swell?"
"Is this more noticeable in the mornings?"
"Are they cold and clammy?"
"Is there pain in small of back?"
"Is the urine dark and cloudy?"
"Does a deposit form when left standing?"
"Is there desire to get up at night?"
"Do you see spots floating before the eyes?"
"Are the eyes dull and staring?"
"Is there a bad taste in the mouth?"
"Have you pain in top of head?"
"Is your hair getting gray?"
"If so, is it silvery white?"
"Is the skin dry and harsh?"
"Is the hair dry and brittle?"
"Is there nausea after eating?"
"Has the perspiration a bad odor?"
"Is there puffiness under the eyes?"
"Are there dark rings under the eyes?"
"Is the skin pale and dry?"
"Has the skin a waxy look?"
"Do you see unpleasant things while asleep?"
"Have you chilly feelings down the back?"
"Do the joints pain and ache?"
"Do the legs feel too heavy?"

If you have these symptoms you have catarrh of the kidneys, which Dr. McChesney can cure, if you apply to him in time.

If you call in person on Doctor McChesney at his office in the Wilcox block, no matter what disease you are suffering from you will receive **Consultation FREE**. Remember,

THIS DAY IN HISTORY.

1619—Francis, duke of Guise, leader of French Catholics against Huguenots, etc., born; murdered 1573.

1673—Jean Baptiste Poquelin Moliere, French writer, died; born 1622.

1849—Frightful fire alarm panic in the Dunlop Street theater, Glasgow; in a rush to the street 61 persons of the audience were crushed to death and a number injured.

1856—Heinrich Heine, German poet and satirist, died; born 1800.

1860—American bark Lima lost off the coast of France with 101 souls—all on board.

1876—Horace Bushnell, Congregational clergyman and theological writer, died in Hartford; born in Litchfield county, Conn., 1802.

1880—James Lenox, noted philanthropist, died in New York city; born there 1800.

1880—Desperate attempt to kill the czar; mine exploded under the winter palace at the dinner hour; 10 soldiers of the guard killed and 48 injured.

1888—Alfred Smith Barnes, extensive text book publisher in New York city, died there; born in New Haven 1817.

1893—Rear Admiral Augustus Ludlow Case, U. S. N., died in Washington; born 1813.

LOOKS LIKE CONFESSION.

Colonel C. L. Clark's refusal to testify in the roster case is not upheld by the other defendants. They could hardly afford to endorse it after seeing the stir it has made about the state. The Madison Democrat asks:

"Is not the conduct of Colonel Clark confession? If he were an honest man and his connection with the roster contract was entirely reputable would he now be dodging about desperately to avoid disclosing in court what he knows about it? Was the amazing exhibition he made at Janesville characteristic of a man whose reputation was assailed, whose integrity was impugned? Is it the inclination of an innocent individual to evade having the search light of justice turned upon him, to keep his record hidden from public view, to skulk around like a veritable coward behind legal technicalities lest he himself may be required to open the book of his life?"

"If the public has heretofore felt any doubt as to the existence of genuine crookedness in connection with the letting of the roster contract can it now linger in view of the substantial confession of past wrongdoing implied in Col. Clark's conduct? More words can add nothing to the terrible force of Clark's negative action. Its effect upon the cause of all the defendants must be disastrous in the extreme. For his own interest he has fearfully blundered. He has openly proclaimed 'his dread of the witness stand, and why?'

"Let thoughtful citizens answer."

IS IT ADVISABLE?

Many have mentioned Horace Rublee as good gubernatorial timber. The Oshkosh Northwestern suggests that to endorse Mr. Rublee is to express the public approval of the acts of the Hoard administration. Mr. Rublee, as the man who dictated the platform of 1890, stands as the residuary legatee of Mr. Hoard, and if Mr. Hoard is to be again brought before the people of Wisconsin, it probably can be done more satisfactorily by his best friend than in *propria persona*. The question raised is whether it is advisable to give the Hoard administration another trial.

Our democratic neighbor, the Recorder, used to tell about the "robber McKinley law" but it will never be able to show where the McKinley law closed an American workshop. The mere prospect of the Wilson bill has closed thousands.

The rejection of Peckham will seriously embarrass the democracy for years. The consequences can hardly fail to be fully as serious, for their party as the Robertson affair was to the republicans.

Democrats have been saying that the Hawaiian provincial government would not stand a day if the United States troops were removed from Honolulu. How do they make that statement agree with present conditions?

Peckham's defeat was a Hill victory but a victory of the kind that will effectually destroy the few chances Hill has ever had of reaching the presidency.

A rousing republican majority in congress would please Cleveland mightily at present.

SPECIAL music will be a feature of the services at the Congregational church tomorrow night.

REV. MRS. GIBB has finished her series of lectures on the bible and there will be no more evening services at the All Souls church for the present.

DON'T forget that next Monday is pay day for the Loan Savings, and Building Association. Secretary Furnham will be at the bank until 9 p. m.

THE STATUES OF VENUS.

THEY EXCEL ALL OTHERS IN LOVELINESS.

What Gave to them their Great and Lasting Name?—Are Women Less Beautifully Formed Today than in Earlier Ages?

The two great statues of Venus are the Venus de Milo and Venus de Medici. What magnificent works of art they are. What splendid forms, what beautiful figures, what perfect specimens of loveliness! These statues represent the grandest types of the human race of that age. They show to us beauty and grace in absolute perfection.

The one thought of the woman of those days was health, for they knew that was the first requisite to physical beauty. We publish the letter of Miss Louise Stratton, of 617 Line street, Camden, N. J. She is a beautiful young lady, but has been sickly and run down. She realized that if she would retain the graceful charms which nature had given her, she must regain her health. Here is her own brief account of her experience.

"I had for some time been weak, tired and run down. My usual good health was leaving me. I continued to grow worse and was finally taken with typhoid fever. Not recovering from this as rapidly as I should, and feeling that my general health needed building up, I made up my mind to try Dr. Greene's Nervura blood and nerve remedy.

MISS LOUISE STRATTON.

"I commenced to steadily gain and after taking three bottles of it, I found myself greatly improved. I have given it the highest recommendation among my friends and shall continue to do so. It is certainly a wonderful medicine, and I advise every one to take it who is not well."

The large majority of women are naturally of beautiful form and complexion, but lose it through ill health. They could nearly all be as lovely as those two statues if they gave the same attention to health as the ancient races. You who are not in perfect health, can throw off the disease which is dragging you down, and regain the beauty which nature intended you should have, if you use Dr. Greene's Nervura blood and nerve remedy. It is wonderful in its curative powers and will do for you what no other medicine can, that is, make you strong, healthy and beautiful. It works especially well during the spring, and everybody needs this greatest of spring medicines. It is purely vegetable and perfectly harmless and is the discovery of our most skillful specialist in curing nervous and chronic diseases, Dr. Greene, of 35 West 14th Street, New York City. He can be consulted at his office free, personally or by letter.

PRAISE FOR JUDGE J. R. BENNETT

Jefferson County Papers Endorse the Movement for His Re-election.

Every member of the bar in this city has signed the call for Judge John R. Bennett to become a candidate for re-election to the judgeship of this circuit. The same is true of other parts of Jefferson county, from which it may be inferred that Judge Bennett is the unanimous choice of the circuit for the position he has filled so honorably and satisfactorily for twelve years. When political lines are not drawn as in this case, it is a hopeful sign in the body politic. The purity of our political system rests upon the foundation of a non-partisan judiciary, and the effort of every good and loyal citizen should be directed to its maintenance.—Watertown Republican.

It is with great pleasure that the Union takes this opportunity of seconding the call for the re-election of Judge J. R. Bennett as judge of this circuit. With twelve years of experience as circuit judge, his record stands as one above reproach. His decisions have been uniformly fair and have been upheld by the higher tribunal with a regularity that proves, at once, his deep learning and the soundness of his judgment.—Fort Atkinson Union.

It must have been a big bluff. We would be willing to wager dollars to apples that it was. In fact the more we think about it the surer we are that it was a fairy tale—the immense quantity of the Walker stock that was bought and soon to be received by one of our small competitors. The facts are it was just a little too big a thing for some people to tackle.

Good General Reading As Well As News in The Gazette

FOR A VAIN WOMAN HE TURNED THIEF.

POLICEMAN ED. T. MATTHEWS
IS IN DISGRACE.

Worried By His Wife's Teasing For a Seal Skin Coat, He Steals a Costly Wrap From Mrs. Piper—Confesses When Arrested and Is Discharged From the Force.

Edward T. Matthews, who went from Janesville four years ago to take a position on the Chicago police force, has come to grief. Until last night he was attached to the Desplaines street station, and was doing duty on the patrol wagon. He is now locked up in a cell at that station a confessed thief, dishonorably discharged from the police force. Matthews' downfall is the most sensational event that has occurred in west side police circles for some months. The history of the crime to which he has confessed and the work of detectives in fastening the guilt upon him bear some resemblance to mysteries unraveled by "sleuths" of fiction.

The theft was committed more than a year ago. The article stolen was a valuable sealskin coat belonging to Mrs. R. J. Piper, wife of Dr. Piper, ex-city physician. Dr. Piper has been unceasing in his efforts to recover the garment. He suspected Officer Matthews from the beginning, and in trying to secure proof of the truth of his suspicions he has spent \$1,000 and had five detectives in his employ.

Leading Up to the Theft.
Dr. Piper is determined, since Matthews is in the toils, he shall not escape punishment after the worry and expense he has caused. Dr. and Mrs. Piper lived in the same flat with Officer Matthews, and Mrs. Matthews and Mrs. Piper got the seal skin cloak fever about the same time. Dr. Piper yielded and bought his wife a \$300 garment at Shayne's. Two months later Dr. and Mrs. Piper were awakened by a violent pounding on their bedroom door. It was Mrs. Matthews.

"Oh! doctor," said she, "I left the rear door open last night. Get up and see if someone hasn't come in during the night and stolen Mrs. Piper's sealskin coat."

Search showed that there was nothing missing but Mrs. Piper's new fur wrap. Dr. Piper notified Inspector Shea and paid the board and other expenses of one of the inspector's best detectives for several months, but no trace of the missing coat was found. Then private detectives were hired and they in turn failed. Chief McClaughry was appealed to and Matthews was brought before the trial board. Alderman Gosselin and others vouched for his integrity and the charge was dismissed.

But Dr. Piper was sure Officer Matthews knew about the cloak. Officers finally learned that there was a lady's valuable coat for sale in a cigar store under Bricklayers' hall, owned by a man named Hoy. Following women who went to try on the coat they learned that they had been sent to the store by a police officer.

Early Thursday morning the coat was sold. Then the police put Hoy in the sweat box and made him admit that the cloak was brought to his store by Matthews. Matthews was next seen and broke down completely. It is probable Mrs. Matthews will be charged with being an accessory. Matthews' friends and the police are of the opinion that her love of fine dress caused his ruin.

Chicago detectives were in Janesville last summer investigating the case. Before leaving Janesville Matthews ran the restaurant now owned by H. D. Watson. He also worked for a time as driver for W. H. Ashcraft & Co.

TEN of as fine imported horses as Rock county ever saw, came in the carload just received by John Barless. One was weighed as he stepped from the cars before being watered or fed, and scaled 2100 pounds. In condition he would weigh 2100 pounds easily. All of the ten are Clydes or English shires, and are very handsome animals.

THE following article is a clipping from the Waupun Times of Feb. 5th: T. P. Burns, one of Janesville's wide-awake merchants, has purchased the Hilbert bankrupt stock of dry goods sold here by the sheriff, last week. The stock is a large one, and almost new, and Mr. Burns has a bonanza at the price paid. We understand he intends moving it to Janesville in the near future and the people of that city will no doubt get the benefit of the low figures for which the stock was purchased.

MONEY IS WASTED BY HASTY WORK.

COUNTY BOARD AND THE
BARKER FARM.

Resolution Directing the Clerk Not to Pay Made Necessary the Calling of An Extra Session at Considerable Expense—Change Of Method Suggested.

There is need of more common sense in the work of the county board. Resolutions referring to the future actions, duties or powers of committees or officers should be more carefully considered. Had such consideration been given the Mayhew resolution relating to the payment of the poor farm, a special meeting of the board would have been avoided. Supervisor Mayhew, while sincere in his motives, could not have fully considered the effect of that resolution. Had he fully understood its scope he would hardly have pressed it, and considerable expense could have been saved.

Had this resolution laid over for one day under a standing rule its meaning would have been discovered and the board would have killed it. The same thing is true of the resolution adopted at the January session relating to purchasing the supplies. Here the board has appointed a county agent, either the treasurer or county clerk, with authority to procure all necessary supplies as wanted. The new resolution appointed a special committee of two supervisors to act with the county clerk.

[Costs \$9 to Buy \$1 Worth of Pens.

In the absence of any intimation of fraud or extravagance this resolution was uncalled for, and instead of proving an economical measure will be one of the expensive and unwieldy red tape ways of procuring supplies for the county. The simple mileage of but one member of this county agent triumvirate frequently costs the county more than all the supplies purchased at the meeting of the committee. Hardly a day passes without a demand for a meeting of this important county purchasing committee, and the resolution must either be willfully violated or the county put to the expense of the assembling of three men to purchase a gross of steel pens or a dozen of lead pencils.

All mistakes or blunders in county legislation can be easily removed by a rule requiring all resolutions to lay over one day. This would extend the sessions of the board possibly a day longer, but the extra time could be profitably spent in the consideration of business.

IMPROVEMENTS AT THE MYERS.

Barber Shop, Turkish Baths, New Floor and Electric Lights.

The Hotel Myers will be hardly recognizable when they get through making improvements. Plumbers and carpenters are putting in the Turkish baths in the basement; carpenters are laying new hard wood floors in the lower hall and annexes; the barber shop is complete and the main annex will be ablaze with different colored electric lights. Miller & Paddock are up to the times.

FIRE LOSS WAS LESS THAN \$15.

Tallman Building on West Milwaukee Street Filled With Smoke.

The Tallman building at the corner of West Milwaukee and South River streets was damaged to the extent of ten or fifteen dollars yesterday afternoon by fire. Fire was discovered in the coal bunk on the second floor used by Dr. G. H. McCauley. The fire had worked up the studding to the third floor and the building was filled with dense smoke. The prompt arrival of the fire department prevented serious loss. Somebody's carelessness in throwing a match or cigar among rubbish in the coal bunk caused the blaze.

POPE BOB WILL PACK THE HOUSE

Lecture on Lincoln Next Tuesday Will Prove a Strong Attraction.

Colonel Robert Ingersoll, the most noted orator now before the public, is announced to deliver his famous lecture, entitled, "Lincoln," at the Myers Grand next Tuesday. The eloquent Bob's theological views may not coincide with the views of the general public, but he is admitted by all to be the fascinating speaker, and one of a greatest thinkers of the age. The name of Ingersoll is inseparably connected with the leading subjects of the day, and the intellectual treat-always in store for those who hear him.

The Sunflower

There was in our garden, growing a large sunflower so bright. It grew so tall, its yellow face could be seen plainly in the night. It seemed to feel its greatness and was very proud indeed. Thought everyone would see it. That with all flowers it took the lead. A child was playing in the yard. She noticed the big sunflower. But stooped and picked a daisy. And played with it for an hour.

POINTS ON THE ROSTER CASE.

[Madison Journal.]

It might be well to ascertain General Doe's legal residence.

One word to Colonel Clark before he goes any further under advice of Attorney Hyzer: Vaccinate!

Ex-Secretary Clark acts as though he still believes himself to be under Governor Peck's instructions to tell what he wants to about the roster contract.

The defendants in the roster suit are plainly not in so much of a hurry to tell the truth and go to trial as their attorneys were recently trying to make them believe they were.

It doesn't require the combined intelligence of fifteen lawyers to see where Colonel Clark might have very little to lose and Governor Peck, et al., might have very much to gain from Colonel Clark's flat refusal to tell the truth.

PASSED TO THEIR LAST ACCOUNT

THEY LEFT THE JAIL ALL HEAVY SWELLS.

TWENTY FOUR TRAMPS CLOTHED FIT TO KILL.

Half an Hour Later they Had Found a Second Hand Man and Was Selling Their New Clothes For Whatever They Could Get in the Way Of Cash.

A bunch of half a dozen young men who wore suspiciously new and very "creasy" trousers stood on the C. M. & St. P. depot platform this morning and watched the train go out.

"I was in the upper corridor all the time," explained one.

"You couldn't scare me with small pox anyway" said another.

A duds traveling man with a silk hat and a waxed mustache who had been standing near edged off a few feet and then eyed the crowd suspiciously.

"See here" remarked a tall young gentleman in a stylish suit of blue that cost at least \$6 as he turned down his coat collar. "See that peck mark on my neck?"

The traveling man walked briskly away.

Officer Kruse winked knowingly at Ed. Welsh and W. J. Mosher grinned.

"That was the result of vaccination," the young man continued.

The traveling man looked scared.

Quarantine Raised Last Night.

"What's the matter with those men?" he asked Officer Kruse.

"Small pox."

"See whizz!" and the traveling man was gone.

Quarantine at the jail was raised last night and that accounted for the presence of the young men. All prisoners whose time had expired during the quarantine were set at liberty and the county furnished them clothing to replace that which the health officer ordered burned. They were all glad to get out and get some fresh air and some left on the morning train, while those who were experienced in their line went down to the freight yards to "lay for a chance to catch a side door sleeper." Most of them headed first to the second-hand stores around town and traded their new suits and overcoats for any ragged garment that was offered with cash to boot. Ulsters that cost six dollars were sold for one-fifty, and by noon the stores had quite a collection. Then Chief Acheson went around and said the trading must stop. It took twenty-seven suits of clothes and twenty-four overcoats to replace the clothing burned at the jail to-day. For all of this Dane county must pay, one of her prisoners having brought the disease. All the men discharged to-day had to strip and plunge into tubs of carbolic hot water before they were given their new clothes.

Eighteen Dollar Coats for Ten.

Lawyer—Now, madam, you say that on the night of the robbery the moon was so bright that you could see the robbers in your room. Was your husband awake? Witness—I don't know sir. Lawyer—Was his face turned toward you or away from you? Witness—I can't say, sir. Lawyer—Now, your honor, and gentlemen of the jury, do you hear that? This woman positively identifies these men as the robbers who were in her room, and yet she cannot tell us how her husband was lying at the time. And turning to the witness he continued: "Why can't you tell us, pray?" Witness—I could not see. Lawyer—Ah! you could not see? Yet you positively identify the prisoners. How is this? Witness—Well, you see, sir, my husband is so very bald that in anything but a bright light I cannot tell whether he is looking at or away from me.—New York Herald.

The Three Smallest Horses.

In 1848 what was believed to be the smallest specimen of the equine race in the known world was "Queen Mab," a pampered pet at the London zoological gardens. Mab was brought to this country when 12 years old, but only lived three months after her arrival in New York. One account says that she was only nineteen inches high, another that she was twenty-six inches, both measurements probably correct, but taken at different times. A few years ago the Baroness Burdett-Coutts owned a Shetland pony only fourteen inches high and eighteen inches in length. But the smallest horse brute in existence belongs to the shah of Persia. It is twelve and one-half inches high and weighs gold shoes worth \$20 each.

The All-Pervading Mosquito.

In every land between Spitzbergen and Patagonia there is some species of the common blood-sucking mosquito. In British America and Alaska they are very large and troublesome.

The breath of a chronic catarrh patient is often so offensive that he becomes an object of disgust. After a time ulceration sets in, the spongy bones are attacked, and frequently destroyed. A constant source of discomfort is the dripping of the purulent secretions into the throat, sometimes producing inveterate bronchitis, which is usually the exciting cause of pulmonary disease. The brilliant results by its use for years past properly designate Ely's Cream Balm as far the best and only cure. Call upon your druggist for it.

Leaving the Grave.

In old age infirmities and weakness hasten to close the gap between us and the grave. Happily scientific research and pharmaceutical skill have allied themselves in furnishing us a reliable means of ameliorating the ailments incident to declining years, and of renewing waning physical energy. Its name is Hostetter's Stomach Bitters, a widely comprehensive remedy in disease, and an inestimable blessing to the elderly, the feeble and the convalescent. Rheumatic ailments, trouble with the kidneys and amblyopia are among the more common ailments of the aged. These are effectively counteracted by the Bitters, which is likewise a prevention and curative of malarial complaints, dyspepsia, constipation and biliousness. It is highly promotive of appetite, sleep and the acquisition of vigor.

PROMINENT PEOPLE.

"Ouida" expresses the opinion that the nineteenth century clothing of the Englishman is "the most frightful, grotesque and disgraceful costume the world has ever seen."

Professor Bell, the inventor of the telephone, has been grappling with aerial locomotion in Nova Scotia, and, like all other experimenters in that science, he is very hopeful of success.

Rev. William J. Potter of New Bedford, whose death has recently been reported, was the only clergyman drafted during the war. Leave of absence was granted him by his church, and he served out his term.

Madgadwia, the celebrated chieftainess whose death is announced in a Cape Town, Africa, dispatch, was the original of Rider Haggard's "Ayesha," or "She." Her legal heir (there is no female successor left) is Kashaan III., a Christian.

In his story of the last moments of Lincoln Horatio King relates that Stanton, with his finger on the great martyr's pulse, announced that the end had come, said with deep feeling, "He now belongs to the ages."

In talking over old times in Boston and Cambridge Colonel Thomas Wentworth Higginson, who has just celebrated his seventieth birthday, recently gave interesting testimony to the decline of drinking among the students of Harvard university.

Andrew J. Davis, a lately deceased Montana man of great wealth, was not noted for his liberality as a rule, but to a friend who was in financial straits he once sent a check for \$100,000 with the message: "Pay me if you can; if you cannot, never mention it."

The testimony of Edward Solomon in a British court that his earnings when in the full flow of musical composition are nearly \$200 a day is edifying. The astonished counsel in the case admitted that this was more remunerative than a lawyer's earnings.

One of the wealthiest men in the Argentine republic is Senor Jose Guazzone, the "wheat king." He owns 63,000 acres of land, according to South American papers. He went to Buenos Ayres in 1875, when 20 years old, with only a few dollars in his pocket.

Sig. Crispi is a man of robust physique, with an extraordinary capacity for work. He rises early, does not waste a moment of the day, and puts all his time to the best possible use. He is most abstemious in eating and drinking, and for a period of four years did not once go to the theater, though he is fond of the drama. Society bores him, and his politeness and charm of manner are consequently lost to it.

In a conversation with a visitor from Boston George W. Childs once said there was never any jealousy between Grant and Sherman, though there have been reports that such jealousy did exist, and related Grant's

criticism of Karamazov's painting, the "March to the Sea," which hangs in the hall of the editor's house at Long Branch. In the picture Sherman is represented seated before his tent devoid of coat and vest but clad in a fine white shirt. Grant's first remark when he saw the painting was: "It's excellent and looks just like Sherman, but I never saw him with a boiled shirt on."

STATE OF WISCONSIN, COUNTY COURT FOR ROCK COUNTY.
In the matter of the estate of James Bohan, deceased, in probate.

On reading and filing the petition of Timothy McKugo, executor of the will of James Bohan deceased, representing among other things that said deceased died seized of certain real estate therein described and that it is necessary to sell or encumber the same to pay the debts of James Bohan, said deceased, and praying for license to sell the same, and it appearing to the court that the personal estate in the hands of said executor is insufficient to pay the debts and legacies of the said deceased, and expenses of administration, and that it is necessary to sell or encumber all of said estate for that purpose:

It is ordered that said petition be heard at a special term of said county court to be held in and for said county, at the court house in the city of Janesville, on the third Tuesday, (being the 20th day) of February A. D. 1894, at 9 o'clock a. m. It is further ordered, that this order be published at least three successive weeks, before said day fixed for the hearing of said petition, in the Janesville Daily Gazette, a daily newspaper, published in the city of Janesville, in said county, and that a copy thereof be served personally on Margaret Bohan, and all persons interested in said estate and residing in this county at least twenty days before such day.

A Second and Greater Cut!

ROSENFELD STICKS THE KNIFE IN AGAIN.

As a rule Monday is a very dull day with all merchants. We propose to make it one of our best. The only way to do it is to sell you something at Less than Half what you can buy it at any other place. We have it.

NEXT MONDAY, FEBRUARY 19,

we will place on sale Irish Frieze Overcoats, Blue Kersey Overcoats and Blue Chinchilla Overcoats. There is no use talking we will swear that the prices we name on these goods are less than they can be bought in the east wholesale. Hundreds come into our store daily and say they have not enough money. We will conform our Prices with you pocket-books. This is no fooling matter. When we tell you we must have money we mean it. We must have \$10,000 by March 15, and the only way we have to get it is to sacrifice our goods. It necessary we will sell our entire stock of \$25,000 for the \$10,000.

Our Reputation is at Stake.

HELP US OUT. DO WHAT YOU CAN MONDAY.

Listen!

We have 9 Irish Frieze overcoats the same as have been sold by us for \$18 and during this sale at \$12.50 Cost us \$13.75 in the east. 9 of them left, 125 sold by us this season. We will close out Monday at

\$10
Each.

Listen!

We have 8 Blue Kersey Overcoats left, guaranteed, have been sold by us during this sale for \$13.50 each, cost us \$14.50 in the east, only 8 of them left. We will close out Monday for

\$11.50
Each.

Listen!

We have 4 Blue Chinchilla Overcoats silk and flannel lined, have been sold during this sale for \$8.50 each, cost us \$9.50 wholesale. We will close them out Monday at

\$7
Each.

Monday we will devote to the above articles. Everything in the house in proportion. Go to the other clothing houses and get their prices, then come to us and we will cut them 10 per cent no difference what price they make you. We are desperate and

Farming and Grazing Land,

IN CENTRAL WISCONSIN,

Clark : County.

25,000 Acres of Good Farming Land For Sale.

A Short Description of this Farming Land Which is now for the First Time Open to Settlers and at Prices Which are Within the Reach of All.

The land now offered for sale lies within four to ten miles of the county seat, and adjoining the new town of Columbia which is located on the Northwestern line at the Junction of Fall river, or Wedges creek, and the O., St. P., M. & O. Ry., only seven miles from the county seat.

THIS LAND

lies on a beautiful plateau sloping gently to the South and East, it is well-watered by creeks fed from springs of soft water. The land is free from stones save along the river, and there

sufficient supplies for building purposes are found. The clay will make beautiful red brick suitable for all building purposes.

THE SOIL

is a sandy loam, deep and rich with a clay subsoil. Corn, potatoes, sugar beets and a variety of grasses, such as clover, timothy and redtop, have an abundant yield. Mr. H. D. Lockman, a farmer living on land adjoining Columbia took first prize on corn, potatoes and vegetables, at the Clark county fair this fall (1893,) which speaks for itself as to the quality of the soil, when lands in other portions of this county are held from \$50.00 to \$100.00 per acre.

GOOD WATER

can be found at a depth of from twelve to thirty feet and the supply is abundant.

THE CLIMATE

is all that could be desired. The air is pure and healthful, free from Miasma or any disease breeding influences.

ROADS

will follow section lines will be free from heavy grades and deep mud.

SETTLERS

on surrounding lands are principally Americans, Scandinavians and Germans. The whole county is dotted with farms, the thrift and welfare of whose owners cannot be doubted, and the fact that few are willing to sell their farms speaks well for the prosperity of the county. In addition to

will be offered, as farm lands are rapidly advancing in price throughout the northwest. The man who owns a good farm today is a happy man.

Below we give an estimate on what can be raised on this land the first year, supposing a man were to buy 80 acres; clean up ten acres and plant it to potatoes: for which there is no better soil in the world. Ten acres of potatoes should yield an average crop of 350 bushels per acre. Average price for the last three years has been 50 cents per bushel. 10x350=2500 bushels at 50 cents would amount to.....\$1,250.00

First casa paym't on 80 acres..... \$160.00

Moving 100 to 200 miles on cars.... 40.00

House, frame..... 200.00

the prospects of the farm, are the opportunities for labor at good wages in Chippewa lumber district which lies only thirty miles to the north of these lands, where several thousand men are employed every winter.

SCHOOLS AND CHURCHES.

Good schools and churches are characteristic of Clark county. No efforts have been spared on the part of her citizens to make their common and high schools equal to the best.

THIS COUNTRY

is fast filling up with thrifty farmers, and will be entirely settled within the next two or three years.

NO SUCH OPPORTUNITY

Team, wagon and harness.....	125.00
Plow, cultivator and tools.....	40.00
Seed for ten acres of potatoes.....	30.00
Living expenses six months.....	75.00
Incidentals.....	30.00
Total.....	700.00

Leaving cash to put in bank... 550.00

The second year should bring still better returns, with no moving and building expenses to be deducted.

Three years at the outside will give an honest, industrious man a farm of 80 acres paid for with good buildings and all the conveniences and comforts of life. A farm that will be worth and that you would not sell for \$25.00 per acre, besides the surplus cash realized from sale of crops. A net gain in three years of from \$4,000 to \$6,000. Where can you do better? WILL IT NOT PAI TO INVESTIGATE?

Remember there is no money to be paid until you have seen the land and examine it yourself.

If you want a good farm in the heart of Wisconsin, with plenty of fuel low taxes, no rent to pay, with good markets, good roads, good water, and best of climate, among nice thrifty neighbors and on easy terms, present price \$7.50 per acre. Terms: \$2.00 per acre down, balance on time to suit the purchaser. Call on or address,

A Whimsical Chap.

Once tried to quote Bulwer (was it Bulwer?) and said, "Great aches from little toe corns grow," and altho' he didn't exactly quote he got there, got there as it were, with both feet, at least with a part of both.

"Toe be or not to be," said Shakespeare, (or Bacon?) and he toe, may not be far off. Foot it over hill and dale, 'til you are weary and foot-sore, and you cannot find such bargains as we offer in building sites, Homesites, for on these and the prices of the same and terms, too, we always did "toe the mark." For some reason we are this spring getting onto the goods, the prices and the terms with both feet. And so, with Hamlet we soliloquize: "The wonder grows", why people are not "up in arms" when the prices we quote are looked into. You can get a home, if you wish, so long as we are in the business; hard times don't count. If you are not earning so much money as you did last year, we will meet you; it don't matter.

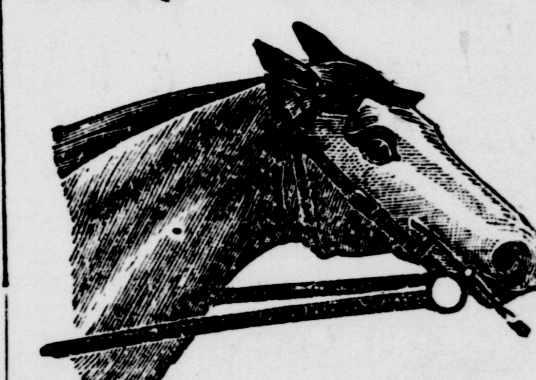

Homesites and Homes are our fad; to help people get 'em is what we are on earth for, this time.

The main secret, we suppose, why we always get the major part of the real estate trade going, is that we own a large part of the property that we offer. Another part of the secret is, we deal every time so that our customer sends to us his or her friend when they want to deal.

Our beginnings here were not large, but so true it is that "Great oaks from little acorns grow," that the "birds of the air" have their homes,—build their nests,—in the result of our grain of mustard seed. Come over and roost with us. Yours very truly,

GEO. L. & SARAH H. CARRINGTON.
